(b) The Head of Border Control is authorized to release an infiltrator with a monetary guarantee, with a bank guarantee or another suitable guarantee or under other suitable conditions (in this law – guarantee), if he is convinced that one of the following applies:

- (1) Due to the infiltrator's age or to his physical condition, his custody may harm his health and there is no other way to prevent this stated harm;
- (2) There are other special humanitarian grounds from those stated in paragraph (i) justifying the release of the infiltrator with a guarantee, including if as a result of the detention, a minor will be left unaccompanied;
- (3) The infiltrator is a minor who is unaccompanied by a family member or a guardian.
- (4) The release with guarantee of the infiltrator may assist in the infiltrator's deportation proceedings.
- (5) The infiltrator submitted a request for a permit and license for residency in Israel and the processing of his requests has not begun despite the fact that three months have passed;
- (6) Six months have passed since the date on which the infiltrator submitted a request as stated in section (5) and a decision has not yet been rendered on his request;

(c) The Head of Border Control shall release an infiltrator with guarantee if one year has passed since the beginning of the infiltrator's detention.

(d) Notwithstanding the instructions in section (b)(2) or (4), (5) or (6) or section (c), an infiltrator will not be released with guarantee if the Head of Border Control is convinced of one of the following:

- (1) His deportation from Israel is prevented or delayed due to a lack of full cooperation on his part, including with regard to clarifying his identity or arranging for the proceedings for his deportation from Israel;
- (2) His release would endanger national security, public order or public health; for this matter, the Head of Border Control is allowed to rely on an opinion from authorized security officials according to which in the infiltrator's country of origin or region of residence activities are taking place which are liable to endanger the security of the State of Israel or its citizens.

All the above unless the Head of Border Control is convinced that due to the age or health of the infiltrator, holding him in custody is liable to cause harm to his health and there is no other way to prevent the stated harm.

(e) His release with guarantee from custody will be contingent on conditions determined by the Head of Border Control, to ensure that the infiltrator will report in order to be deported from Israel at a determined time or for any other legal proceedings; the Head of Border Control is allowed at any time to review the

guarantee conditions, if new facts have been discovered or if the circumstances have changed after the decision to release with guarantee was rendered.

(f) With regard to an infiltrator released from custody with guarantee according to this section, the decision granting his release with guarantee will be regarded as the legal attestation of his stay in Israel for the period of his release with guarantee; the validity of this decision regarding release with guarantee is contingent on the fulfillment of the conditions for release described above.

(g) If a guarantor requested to cancel the guarantee which he gave, the Head of Border Control may grant the request or deny it, as long as his decision will ensure the reporting of the infiltrator by supplying a different guarantor; if it is not possible to ensure the reporting of the infiltrator by means of a different guarantor, the infiltrator will be returned to detention.

(h) If an infiltrator is deported from Israel at the time determined, he and his guarantors will be exempt from their guarantee and the monetary guarantee will be returned, according to the matter.

(i) If the Head of Border Control realizes that an infiltrator who has been released with guarantee violated or is about to violate one of the conditions of his release on guarantee, he may instruct, by issuing an order, that the infiltrator is returned to custody and he may also instruct that the guarantee is confiscated or realized.

(j) No instruction will be given to confiscate or realize the guarantee as mentioned in section (i) until the infiltrator or guarantor has been given an opportunity to state their claims, according to the issue at hand, to the extent that it is reasonably possible to locate them.
